

BREEZE BANNERS™

Set Up Instructions

Materials

1. Breeze Banner
2. Telescopic Pole
3. Ground Stake & Rubber Cap
4. Hammer or Mallet (NOT INCLUDED)

Avoid set up locations in the vicinity of power lines or low hanging obstructions.

Setup

1. Insert ground stake pointed end down into the ground 6-12 inches. (May need to use hammer or mallet)
2. Locate small clip on telescopic pole. Remove cap from opposite end as clip. Extend the pole by tilting open end down. Raising the pole- pull each section out slowly and pull firm until it locks in position starting from the top inner section.
3. Insert pole through Breeze Banner's open end of the pole pocket and pull to near bottom of pole.
4. Remove cap nearest to small clip and place open end over ground stake.
